Chief, Geographic Research, ORR

19 November 1957

Executive, Photo Intelligence Division, ORR

Proposed Foreign Travel for the Period 1 January - 30 June 1958

1. Only two foreign trips involving attendance at conferences are under consideration for the reporting period. These conferences are the Canadian Institute of Surveying and Photogrammetry, Annual Meeting, 5 - 7 February, Ottawa, Canada; and Photogrammetric Weeks, 21 April - 9 May, Munich, Germany. It is anticipated that only one Division representative will be sent to each conference and because of the complicated priority work schedules involving future commitment of key personnel, the selection of these representatives has not been made.

2. Travel during the stipulated period in support of specific intelligence activities is definitely anticipated as in the past on an on-call basis. As you are aware, such travel in support of project operations is exceedingly difficult to predict and at this time the Division cannot provide specific information regarding concerned personnel, dates and destinations. In accordance with established procedure, you will be promptly advised of all foreign travel requirements upon receipt in the Division.
